

Eligible funding rates

Please use [Table 1](#) to determine the maximum accommodation and meal funding rate per diem eligible for your STSM and ITC Conference Grant.

The funding rate is calculated depending on the location of the Host Institution where the STSM/Conference will take place by applying a country correction coefficient to the flat rate of 105.61 € per day. This rate includes local transport, accommodation and meal expenses and cannot exceed 160 € per day.

Table 1: Country correction coefficients (CCC) for accommodation and meal expenses (CC – Country Code; Rate – eligible funding rate).
